

**Mr. Zhao Yixin, Chairman of the Board of Directors of the company, donated poverty alleviation funds on behalf of China Nuclear Investment**

5<sup>th</sup> June, 2020, Mr. Zhao Yixin, Chairman of the Board of Directors of China Nuclear Energy Technology Corporation Limited, donated poverty alleviation funds on behalf of China Nuclear Investment to the junior high school in Xunyang County for the construction of the school's electric classroom.

In April this year, China Nuclear Investment responded to the call of China National Nuclear Corporation and took the initiative to claim the construction of electric classrooms in the junior high school in the town of Tongmu. It is understood that the town is located in the mountains. Traveling in and out from the town to city is inconvenient and still need an hour and a half of driving. The poverty alleviation funds donated by the company will be used to purchase more than 20 sets of electrical and educational equipment for the town's secondary schools which will solve the multimedia teaching needs of more than 200 students.

Mr. Zhao Yixin also visited Maoping Town in Baihe County to visit the project site of spicy pepper poverty alleviation industry, the construction of the town carbon-based fertilizer project as well as the Lijiatai Eco-Agriculture Industrial Park in Xunyang County, exchanging views with related personnel on deepening the support measures for poverty alleviation.
